

Lullaby Time in the Desert.....Chris Hillman

D **A**
It's lullaby time in the desert
D **G** **A**
When the coyotes start to howl
D **A**
The roadrunner stops his running around
G **A**
Just to hear the lonely cry of the owl

G **D**
Won't you lay your head down on the sand
Bm
Listen to the whippoorwill's song
D
All along the desert tonight
A **D**
Sleepy eyes are closing 'til dawn

D **A**
There's a full moon rising in the desert tonight
D **G** **A**
Help the Sand Man on his way
D **A**
The flowers are blooming the cactus arising
G **A**
God's garden every brand new day

Chorus

D **A**
The deer will lay down with the lion
D **G** **A**
And the jack rabbit's dancing to noon
D **A**
The Sand Man comes to show you the way
G **A**
To shake hands with the man in the moon

Chorus
